# VINEYARD

SINGLE ROTOR & TWIN ROTOR

**Customise the ideal machine to suit your vineyard.**

Gason vineyard mowers come in a range of cutting widths and mounting configurations, with an abundance of optional extras such as rear wheels and mulching blades.

# ORCHARD

SINGLE ROTOR, TWIN ROTOR &  
TRIPLE ROTOR

**Compact deck and generous cutting width.**

The diverse range of Gason orchard mowers come in Taper Back, Wing Deck, Drop Centre and Trailed varieties. There is sure to be a machine to suit your needs.

# VHD SLASHERS

SINGLE ROTOR & TWIN ROTOR

**Manouvrable. Durable. Consistent.**

Gason Very Heavy Duty (VHD) slashers are the go to for contractors, councils and agriculturists who require the toughest machinery.

# DELTA WING

TRIPLE ROTOR SLASHER

**The slasher of choice for contractors, councils and orchardists.**

**Delta slashers are designed to be a multi-purpose machine, featuring 2.5m transport, industrial grade components and seamless serviceability.**

# PASTURE TOPPER

AGRICULTURE MACHINERY

Achieve outstanding results with regular pasture topping on your property!

Grazing farmers love Gason Pasture Toppers, featuring heavy duty steel deck, side plates skids and head stock.

# CROPPER TOPPER

BROADACRE STUBBLE MULCHER

**All gear driven and producer proven!**

**Cereal and cotton growers will love the high trashing efficiency and durability that comes with a Gason Cropper Topper.**

- Ducted Debris Fan Kit
- Front Stabiliser Wheel Kit (for 35' & 41' models)

# From our family to yours...

After WWII and seeking new opportunities, Frank Gason, his wife Jean and their young family moved from Geelong to Ararat, Victoria and started AF Gason Pty Ltd. For over three quarters of a century since, continuous generations of the Gason family have been living and working in this Rural City, with their presence remaining strongly felt in the community to this day. Of course, as the Company grew and became one of the largest regional employers in the area, the Gason name has become recognised not only locally but also nationally and internationally.

With core values of honesty, respect and openness, the family have endeavoured to ensure that the wellbeing of their staff, their families and the community in which they live and work is paramount. Whenever practically possible, the importance of achieving a positive work/life balance is considered in the daily operations of the Company – in fact one of the business's operational rules is to value family life within the community! From supporting local churches, schools, sport clubs and community groups through finance, advice, leadership, and participation, the Gason family have certainly settled and, are committed to this great part of country Victoria.

A family and business that have always strived to ensure the sustainability of employment through good times and bad whilst demonstrating integrity, ethical conduct, honesty and fairness in all their business dealings, the Gason family desire to provide employees with challenges,

opportunities, and personal satisfaction whilst recognising their value and contribution.

From the humble beginnings of the motor trimming business in January 1946, many members of the Gason clan have worked permanently or on a part-time basis in the business. At the time of publication, 6 members of the family, spanning 3 generations, fulfil prominent roles with the manufacturer:

Les Gason | Chairman of the Board of Directors

Greg Gason | Agricultural Division Manager and Director

Wayne Gason | Managing Director

Oakley Gason | Marketing Coordinator

Morgan Gason | Heater Division Manager

Riley Gason | Industrial Services Engineer

Highly capable in their own specific fields, with over 150 years of experience shared between them, the Gason family members are proud of the business's heritage and are committed to continue conceptualising, designing, manufacturing and assembling high quality agricultural machinery tailored for the Australasian market - machinery that is producer proven and as their Father, Grandfather, and Great Grandfather Frank would say,

"Built to Last...because it's Gason."

*Pictured L-R: Riley, Oakley, Wayne, Les, Morgan and Greg Gason.*

# 75 years

## GASON®

*Built to Last.  
1946 - 2021*

*"The Cropper Topper does an excellent job in the paddocks, with nice fine cuts and low maintenance."*

*Gason build a tough reliable machine, and service our needs really well."*
